The following is read from our yearly meeting. also a communication from Indiana yearly meeting and read at this time.

From our Yearly Meeting of Friends for New England held on
Rhode Island in the 6 mo 1827
To our several Quarterly and Monthly Meetings.

Dear Friends, In contemplating the state of society as presented in the answers to the Queries a deep exercise was spread over this Meeting, on account of the many deficiencies in the support of our various testimonies, which they brought to view, and gave rise to much pertinent and feeling counsel and advice, and to the expression of an ardent desire for the removal of things that stand in the way of our advancement as a highly professing people, and it was thought right that an endeavour should be made to convey to our absent Brethren, such an account of these and other exercises as friends have been dipped into at this season, as might lead them to participate therein, and have a tendency to strengthen and encourage the hands of the well concerned, to renewed labours in their respective allotments, and to awaken the careless and supine to a sense of their danger. We have on this, as on former occasions been sorrowfully affected to observe the great neglect of our religious meetings, and particularly those held in the middle of the week, which is apparent in many of our Members and-

we would affectionately inquire of such as thus refuse to dedicate to
this reasonable service a small portion of that time for which they
are indebted to the continued mercy of their heavenly Father,
in presenting their bodies a living sacrifice, holy, acceptable
unto Him, and to wait upon Him for the renewal of their
strength - how they can ever expect to advance in the Christian
path of self-denial; or when they are called upon to give an
account of their stewardship, when time to them is no longer
alloted in a state of probation, to lay down their heads in peace?
A more frequent perusal of the Holy Scriptures, and a frequent
and reverent reading of them in our families in a collective capacity,
looking to Him for instruction through whose inspiration they were
given forth, was also feelingly recommended to us, and a lively
testimony borne to the efficacy of this practice in rightly sustaining
and centering the mind during the various avocations and trials of
the day. - Much exercise was felt on account of the dissemination
and perusal of the pernicious and hurtful publications of the present
time, which we believe cannot be more impressively conveyed to
our absent brethren than in the language of the Discipline of this
" Yearly Meeting — We earnestly exhort all parents, heads of families,
" and guardians of minors, that they prevent as much as in them lies,
" their children and others under their care and tuition, from having
" and reading books and papers tending to prejudice the profession of
" the Christian religion, to create the least doubt concerning the authenticty
" of the Holy Scriptures, or of those saving truths declared in them,
" lest their infant and feeble minds should be poisoned thereby, and
" a foundation laid for the greatest evils" "And Friends are desired to
" be careful in the choice of all books in which their children and
" families read, seeing their are many under the specious titles of
" promoting religion and morality, which contain sentiments
" repugnant to truth in Christ Jesus" And as nearly connected
with this interesting subject the more guarded education of the
children and youth of the Society was feelingly recommended to
our concideration; that their tender and susceptible minds may be
preserved from the contaminating influence of improper
examples and associations, not only leading them off from the
simplicity of the truth, and from a support of our testimonies
against the vain amusements of the world, but in many-

instances opening the way for improper connections in marriage. And ~~opening the way for improper~~ a fervent desire was expressed that parents and others intrusted with the care of youth, may and more become sensible of the great responsibility of the charge comitted to them, and labour after a right qualification to discharge it as in the sight of Him, to whom they must give an account. We have at this as at other times been painfully affected by the consideration that some of our members continue to indulge themselves in the improper use of ardent spirits, a practice peculiarly reproachful to us, who profess in this respect, to hold a standard to others; and particularly so, at a time when the subject has engaged the attention of other religious societies, who are making uncommon efforts to discountenance this great evil; and we entreat of all our members not to relax in their endeavours to maintain our testimony herein. We have renewedly been made sensible that a deeper individual engagement of mind, a more fervent labour for that bread which perisheth not, is too much wanting among us; but we have been encouraged by the belief, that there are those still remaining, in the various classes of society, the aged, the middle aged, and the youth, in whom a heartfelt exercise for their own preservation, and for the promotion of the cause of Truth, is livingly maintained; and as these continue to look to the Giver of every good and perfect gift, for wisdom and guidance in their humble endeavours, we are made thankful in believing that a blessing will attend their efforts for the removal of hurtful things from within our borders. A more particular attention to answering the Queries in a full and explicit manner as directed by the Discipline, is recommended to, and enjoined upon all our subordinate meetings. Signed on behalf and by direction of said Meeting.

Abraham Sherman jr Clerk

Minute

Of the Yearly Meeting of Friends for New England, held on Rhode Island from the 14th to the 18th inclusive, of 6 mo. 1829.

The Committee on the state of Society proposed the adoption of the following Minute, which claimed the solid consideration of this Meeting, and being united with by this and the Womens Meeting, is directed to be forwarded to all our subordinate Meetings, and to be inserted in the Books of Discipline in their possession. From the Minutes of said Meeting

Abraham Sherman, Jr. Clerk

The importance of steadfastly maintaining our ancient principles, respecting the doctrines of the Gospel, coming renewedly under our consideration, we earnestly reccommend and enjoin upon Quarterly and Monthly Meetings and upon all faithful Friends, to be watchful over our Members, as it regards the profession of their faith in our Lord Jesus Christ, both as to his outward coming in the flesh, wherein he tasted death for every man, and was the propitiatory sacrifice for our sins, and not for ours only, but also for the sins of the whole world. suffering the just for the unjust, that we might be brought unto God through Him; — and to his Spiritual appearance in the heart, for "unto them that look for him, shall he appear the second time, without sin, unto salvation." And if in any instance there should be manifested any deviation from our Christian principles in these respects, that they proceed to labour with such in the spirit of meekness and wisdom, endeavouring to bring them to a sense of their departure from our acknowledged principles, that if possible they may be restored to soundness of faith. And if there should be any who should persist in their errors, notwithstanding such labour in brotherly love, that our testimony be maintained by testifying against such.

By extracts it appears that our proportion of Yearly Meeting stock is $ 12.50

This meeting feeling a renewed concern that its members may be found in the fulfilment of their several moral and religious duties, and beleiving that the timely admonitions of the faithful have often been the means of more circumspection and care, we appoint Jonathan Fry Calvin Gates Daniel Wheel. James N Fry & Thomas Fry to visit the families of friends belonging to the meeting and labour as ability is given for the removal of vice and promotion of virtue, and report when ready.

Rec account from the preparative meeting and the representatives therein named are Joseph Holder and Roswell Bliss who are present The representatives to the quarterly meeting report that they attended and present the following extract from the minutes of that meeting

At our Yearly Meeting of Friends for New England in the 6 Mo. 1830 During the consideration of the state of society represented by the answers to the queries, much pertinent and feeling counsel and advice was freely offered. We were impressively reminded that love to God is the foundation of love to the brethren and when this love pervades the mind there will be no neglect of the important duty of assembling ourselves together for the purpose of worshipping Him, from whom are all our blessings, and who calls for this as a reasonable service at our hands, and that dwelling in this love we should be favoured to witness preservation from that estrangement of feeling towards our brethren, which once finding a place in the human mind, and being there cherished, has led step by step to the most awful and desolating consequences. We were at the same time, emphatically reminded of the more subtle transformations of the enemy of all good, in his appearances as an angel of light and faithfully admonished of impending danger to those who should listen to his artful insinuations; from which increased watchfulness, humility and dedication could alone preserve us.

The subject of plainness of apparel and deportment was feelingly adverted to, as not only consistent with our profession and right in itself, but as a means of preservation from unprofitable associations, leading the mind from the simplicity of the truth into the spirit and maxims of the world and the contaminating influences of fashionable life. It was adverted to, as manifesting in youth, not only an evidence of the care on the one hand, of a parent concerned to promote the best interests of his beloved children, and on the other, of youthful obedience and regard to the feelings of such a parent, but as manifesting in many instances, the operation of Divine grace on the heart leading to its adoption from principle. Parents were fervently entreated not to relax in the exercise of a watchful care in this and other respects, but to seek for that qualification which will increasingly enable them to take the children by the hand and in the impressive language of example as well as precept call upon them to follow them as they are endeavouring to follow Christ; that thus they may grow up as tender plants, and that instead of the fathers, there may be the sons, rightly qualified to take their places in a faithful discharge of the important duties that must erelong devolve upon them

The advantages of an early and continued acquaintance with the Holy Scriptures by a frequent and attentive perusal of them was feelingly dwelt upon. We were also forcibly reminded of the importance of a faithful maintenance of our testimony in regard to the use of spirituous liquors particularly at a time when the public mind is becoming so fully convinced on this subject and of bearing a faithful testimony to our belief in the peaceable nature of the Redeemer's kingdom and against the spirit of war. On the latter subject, a feeling appeal was made to our members in the younger walks of life, to evince their gratitude for the favours which are extended to them in an exemption from the burthen of military service, by great circumspection in giving no just occasion to any to call in question the sincerity of their profession, by being present at military parades, or otherwise; but that in all their conduct, they may show to others, that they are "conscientiously scrupulous of bearing arms," and thus become qualified to advance the cause of peace and truth in the earth.

Which being in unison with the concern of this meeting, the Clerk was directed to forward transcripts of this Minute to our several Quarterly Meetings

Our Quarterly Meetings are requested in future to acknowledge in their accounts to the Yearly Meeting the receipt, and disposition made, of minutes and papers transmitted to them by its direction.

It was concluded to raise eight hundred dollars for the service of the ensuing year and the several Quarterly Meetings are requested to forward their respective proportions of that sum to our treasurer. Smithfield Quarterly Meeting's proportion is one hundred dollars

An essay entitled "The Testimony of the Society of Friends on the American Continent,, prepared by the general Committee, composed of Committees from all the Yearly Meetings in America (which convened in Philadelphia in the 7 Mo last) was read before our Meeting of Men and Women Friends collectively assembled, and being deliberately considered, unitedly and fully approved, as embracing a concise declaration of the doctrines and testimonies which have always been held by our society This Document having now been approved by all the Yearly Meetings of Friends in this Country the Clerk was directed to add to this minute in the extracts to be sent down that the necessary arrangements have been made for printing it and that the several Quarterly Meetings will be supplied by the Meeting for Sufferings with a sufficient number of copies to furnish one to each family of Friends within their respective limits, The subject of marrying in the kindred by affinity, having been brought under the view of this Meeting received its solid and deliberate consideration; and it is concluded that the construction of our Yearly Meeting as particularly defined in the year 1773 (namely that our members be not allowed to marry a deceased wife's sister or a deceased husband's brother) shall hereafter be considered as the construction to be given to our present Discipline

The Clerk is directed to forward copies of this minute to our several Quarterly and Monthly Meetings to be inserted in the books of Discipline in their possession

Received the following extracts from our last Yearly Meeting

From our Yearly Meeting of Friends for New England held one Rhode Island from the 10th to the 16th inclusive of the 6 Mo 1832. To our several quarterly monthly and preparative meetings

Dear Friends

The reading of the answers to the queries received from our several Quarterly Meetings has introduced minds into a deep felt exercise in beholding the many and various departures from our profession therein brought to view. And in particular we have lamented the sorrowful want of faithfulness in the attendance of our religious Meetings. When we consider the duty of assembling ourselves together for public worship of Almighty God in the light of a public acknowledgement of our belief in Him and in the gracious revelation of his will through his dear Son our Lord what vital importance does the performance of this duty assume. In a feeling of deep [illegible] and of our responsibility to Him who hath called us to be a people and in some measure as we humbly trust qualified us through his mercy to labour for his cause let us revive for the solemn and serious consideration of our brethren in religious profession that awakening [illegible] guage of our blessed Lord when in that prepared body: "Also, I say unto you whosoever shall confess me before men him shall the Son of man confess before the angels of God: but he that denieth me before men shal be denied before the angels of God." We are confirmed in the belief that as the love of the things of time & the fleeting enjoyments of this world shall be lessene among us, as the love of God shall take its place in our hearts we shall be more concerned faithfully to perform this important duty and in regularly assembling wit our brethren for public worship and reverently waiting before Him we shall graciously experience our strength in Him to be renewed, whereby we shall be enabled to withstand the assaults of temptation and our souls be refreshed with his life giving presence. Let us then we tenderly exhort be more and more alive to the great importance of this solemn & interesting duty.

And as the love of God increases and abounds among us love unto one another will also prevail. Bound together by the sacred ties of Gospel fellowship our brethren will become exceedingly near to our best feelings and that heavenly charity which suffereth long and is kind will become more and more our covering. And O that Friends every where were duly impressed with the necessity of preserving the unity of the Spirit in the bond of peace and avoiding doubtful disputations and seeking not to be wise above that which is written humbly to believe in the all important truths of the ever blessed gospel of our Lord and Saviour Jesus Christ that God so loved the world that he gave his only begotten Son that whosoever believeth on him should not perish but have everlasting life; that he came into life as testified in the Holy Scriptures; that he went about doing good and manifesting his Divine power for the good of men; that he die for our sins the just for the unjust that he might bring us unto God; that He rose again for our justification, and ever liveth to make intercession for us; that he is God over all, blessed forever. These all important truths, as we humbly seek to be established therein will indeed ser nit us together and enable us through faith to bear united our testimony to the mercy and goodness of our heavenly Father. Thus will true unity and religious fellowship be experienced. And being thus established how exceedingly precious will those testimonies which we are called upon to bear become in our view. For being measurably redeemed from the love of the world we shall be concerned to seek the adorning of a meek and quiet spirit which is in the sight of God of great price rather than the vain ornaments of the world and be preserved in the simplicity which becometh the Gospel of Christ. The giving way to the temptation so abundantly offered by the press in the present day to what may be appropriately termed light reading we have been induced to believe has had its influence in producing in many instances a deviation from the simplicity of our profession not only in faith but practice indisposing the mind for serious reflection and giving it a distaste for the perusal of more solid and useful works and secretly but gradually undermining that firm reliance upon superior aid which can alone sustain the mind in the hour of trial and temptation and rightly bear it up amid the many vicissitudes of time.

The practice of a daily reading of the Holy Scriptures with our hearts turned unto Him who can alone rightly open them to our understanding and apply them effectually to the heart has been feelingly brought before us. And as we reverently believe that these invaluable writings according to their own testimony are able to make us wise unto salvation through faith which is in Jesus Christ, how exceedingly important that we neglect not this precious means which in the mercy of God has been vouchsafed to us for our reproof, correction and instruction in righteousness. And we are confirmed in the belief that as parents and heads of families are concerned daily to call around them the objects of their care and with prayerful hearts for the divine blessing upon their endeavours to read to them a portion of the Sacred volume allowing a space for silent introversion of soul to God, a great blessing will be experienced. The truths recorded in the Scriptures will become increasingly interesting and precious in our view and in that of our children and dependents and the ever blessed cause of truth and righteousness be furthered and promoted. We therefore recommend and tenderly exhort friends to this practice, and greatly desire their encouragement therein. And we fervently desire, that all in profession with us may be renewedly stirred up to more faithfulness and watchfulness in the cause Christ, remembering that the time is short and that we are enjoined to work while the day lasts for the night cometh wherein no man can work. Signed on behalf of the Meeting Abraham Shearman Clerk

That the Quarterly meetings Committee were here on 2d day 4th mo. 22d 1872. They were of the opinion that it was best to recommend a thorough repair of the house, by shingling the north side, & clapboarding throughout; dispensing with a portion of the windows, putting in new and larger ones, fo the remainder, and that these have blinds upon the outside. That the inside of the house be improved by removing the end galleries, and partitioning off an entry way inside, and have the two porches removed from the road outside. That all the seats in the lowe of the house be improved by making higher backs;

and that the high seats be remodelled so that there shall be but one rising seat; and that the horse sheds be new shingled. The cost of the same according to their estimate will be about $700, including painting of the house and blinds

We have not had an opportunity to ascertain what portion of this expense the members of this meeting are willing to assume, owing to the lateness in the month when the estimate was made. All of which is submitted by the committee
